

Dear TKF Family,

During this challenging time in our country and the world, our thoughts and prayers are with you and your families.

We wanted to reach out and let you know how much we value you and your support. We also wanted to update you on the steps TKF is taking in this crisis. As of Monday, we have closed down the TKF offices and staff is now working remotely from home, supporting the critical need around social distancing. Our school programs have been suspended due to the closing of all school districts. We, like everyone else, are navigating next steps around this new normal as new recommendations are issued.

In times of uncertainty, it is important to feed hope and not fear. We grow what we put forward and we are confident that as a resilient culture we will get through this together. We urge you to practice self-care, compassion, and gratitude. We also encourage everyone to extend their hands for the greater good.

Please reach out if we can be of any support during this difficult time.

It is also with immense appreciation that I share TKF's 2019 year of impact. I thank you for making a difference in the lives of children, and look forward to resuming our work in even greater earnest as soon as possible.

In Peace,

Tasreen Khamisa
Executive Director

TKF Year of Impact
